Inspiring Stories

People like to read and hear about other people's experiences. This is a space where you can read about other Facilitators' stories from around the world. Read about who they trained and how they managed presenting, the support they have offered and the impact on their school. We hope this section will inspire you to continue in your role as a Facilitator.

Sharing Post

As a result of using the STEPS resources, many Facilitators have created some fantastic plans of work, made links to local curriculum documents, collected student work samples or developed implementation plans. This is the place where you will be able to share your great ideas and download new ideas from other Facilitators.

If you have anything to share we would love to hear from you. You can contribute via the website.

Newsletters

Want to hear who is doing what with the STEPS resources around the world? You can download and read the latest publications from this section.

STEPS Consultant Corner

This is where our consultants share what they have created for Facilitators - all those little things they showed you at the course that will help you in your role as a First Steps Facilitator. We will also keep you informed of our latest news and Facilitator events, welcome new Facilitators and congratulate our active Facilitators..

Order Forms

Organising a course? Can't find your order form? You'll be able to download the appropriate form in this section.

How long before the course do I need to order? Who do I send the forms to? Forgotten the 'rules'? We've also included ordering guidelines for you to download in this section to make life easier for you.
